SECRET BIRTHDAY SOIREE

Deduce the right secret agent name for each attendee - watch out for red herrings - there are more secret agent names than there are agents! 🕵️

Agents cannot verbally confirm their own secret agent name to another agent until the guessing agent has correctly guessed it 🕵️ (think charades!) ...use clues/clothing/actions to make your deductions!

After you've correctly deduced someone's agent name, what's the story behind their agent name? Some stories are longer than others... 😂
